Professional Title

Software Developer | Mobile & Desktop Applications | Cross-Platform Solutions

Professional Summary

Versatile Software Developer with expertise in building robust applications across mobile (Android – Java/Kotlin, React Native), desktop (C#, VB.NET), and web platforms (React.js, Firebase). Over 1 year of professional Android development experience at Clever Mind, with proven achievements in delivering efficient, user-focused solutions.

Awarded **2nd Place in Technical Evaluation – Fintech Rally 2024** and an active participant in multiple national hackathons. Passionate about problem-solving, scalable systems, and delivering seamless digital experiences.

Technical Skills

Programming & Development

- **Mobile Development:** Android Studio (Java, Kotlin), React Native, Ionic
- **Desktop Development:** C#, VB.NET, Windows Forms
- **Web Development:** React.js, HTML, CSS, JavaScript
- **Cloud & Tools:** Firebase, Git, Android SDK, Microsoft Office

Programming Languages

- **Expert:** Java, Kotlin
- **Intermediate:** Python, Dart, C++, C#, JavaScript

Other Skills

- **Accounting Systems:** Journal Entry Validation, Ledger Filtering, Financial Logic Programming, CSV/Excel Integration
- **Soft Skills:** Problem-Solving, Time Management, Leadership, Communication, Adaptability

Education

Bachelor's in Computing Smart Devices

Tafila Technical University, Jordan — July 2025

GPA: 3.17/4.0 (79.44%)

Professional Experience

Clever Mind – Amman, Jordan

Android Developer | **2024 – 2025**

- Designed, developed, and optimized **native Android applications** using **Java** and **Kotlin**.
- Collaborated with cross-functional teams to deliver **high-performance mobile solutions**.
- Improved app stability by reducing crashes by **30%** through **efficient debugging** and **code optimization**.
- Integrated third-party APIs and **Firebase services** for authentication, analytics, and push notifications.
- Participated in **UI/UX improvements**, ensuring smooth navigation and responsiveness across devices.

Certifications & Training

- [Fintech Rally](#) 2024 – JOIN Fincubator (2nd Place Winner – Technical Evaluation)
- **Fintech Rally** 2024 Certificate of Participation
- **Fintech Rally** 2025 Certificate of Participation
- Java Programming – Udemy (9-hour course) – Feb 2024
- Python Programming & LinkedIn Optimization – Qafza Tech – Feb 2025
- Mobile App Development (Android) – Clever Mind – 2025
- Professional Workshops – HIT.MENA: Career Planning, Self-Branding – Feb 2024
- Social Media for Dialogue – CCSM – 2024
- TTU Tech Battle – IEEE CS – 2024

Projects

- **Arabic Voice Assistant for Reception Desks** (*Graduation Project, May 2025*) – *Python, Raspberry Pi, OpenCV, Tkinter*
Developed a Raspberry Pi-based Arabic voice assistant with speech recognition, voice synthesis, face detection, and an interactive Tkinter GUI.

- **Mobile Banking Dispute App – *React Native + Expo***
Designed and implemented dispute workflows, transaction filtering, and a user notification center.
- **Admin Web Dashboard – *React.js***
Built a secure dashboard with authentication, data synchronization, and a clean, responsive UI.
- **Android Native App – *Java, Kotlin, Gradle DSL***
Developed settings, navigation flows, custom animations, and smooth fragment transitions.
- **Windows Desktop App – *VB.NET***
Created a multi-form desktop application for product browsing and payment simulation.

Languages

- Arabic: Native
- English: Intermediate Proficiency
