UNIVERSITY REFS

May 2022 - Present

CINEMA POCKET WEB APPLICATION

Graduation project :

Imagine your self settling at home and you want to watch a movie

What kind of movie ?D

Movie type prediction (data mining project)

helps you to find out the type of movie you should watch

-By taking a photo for your face or filling a simple form (there is website and flutter application)

the result will match the 650 person who filled our survey asking about feelings and mood .

using multi-classification Meka software (alternative to weka)to build our mining model.

API build using Apex platform from Oracle

Jan 2019 - May 2019

BUSINESS POCKET ANDROID NATIVE APP

4th place at

Crown prize for Best Governmental

services mobile application1st: 50,000 2ed:30,000 3ed:10,000 JOD

Our project was for

Creating , maintain and pay for your

Company or sotre such as supermarket

Coparating with Ministry

of Industry and trade

Here's a link for the prize
