

IZZELDEEN ABZAKH

COMPUTER SCIENCE ENGINEERING STUDENT

ABOUT ME

As a third year engineering student at the University Pécs pursuing a degree in CSE, I am eager to gain hands-on experience in Networking and Security through an internship. I am a fast learner, detail-oriented, and have strong problem-solving skills. I am excited about the opportunity to contribute to your team and gain valuable industry experience.

CERTIFICATES

INTRODUCTION TO NETWORKS - CISCO

- Configure routers, switches, and end devices.
- Troubleshoot small networks and finding a solution.
- Learn about the different network-related protocols.

CYBERSECURITY ESSENTIALS - CISCO

- Understand security controls for networks, servers and applications.
- Learn about the different cyber attacks that a network can be prone to.
- Implement proper procedures for data confidentiality and availability.

NETWORK SECURITY - CISCO

- Develop a more advanced knowledge about network security devices. (IDS,IPS,Firewalls)
- Attain an extensive knowledge of network security.
- Developed proficiency in network vulnerability assessment and penetration testing techniques

EDUCATION

September 2020 - January 2024

University Pécs

Bachelor Degree of Computer Science Engineering

SKILLS

-Vulnerability assessment and penetration testing.

-Routing and switching technologies (e.g. OSPF, RIP, VLAN).

-Critical thinking and problem solving.

-Flexible, resourceful and willing to learn
